SIMONS SMART

SMART LIGHTING IS AN ADVANCED WAY TO LIGHT YOUR HOME.

SIMONS SMART LIGHTING CAN SUPPLY THE BEST QUALITY SMART LIGHTS FOR YOU. FOLLOW US TO BE THE SMART COMPANY.

SMART LIGHTING IS AN ADVANCED WAY TO LIGHT YOUR HOME. SIMONS SMART LIGHTING CAN SUPPLY THE BEST QUALITY SMART LIGHTS FOR YOU. FOLLOW US TO BE THE SMART COMPANY.

SIMONS

Simons' Smart Lighting for you to built a smart home.

Smart lighting is an advanced way to light your home. Smart LED Lights contain software that connects to an app, smart home assistant, or other smart accessory so you can automate your lights or control them remotely, eliminating the need for traditional wall switches. A smart LED lights kit from us has everything you need for a wireless, smart lighting system at home. And you can use one app to control few lights togther. Simons smart light can be customized.

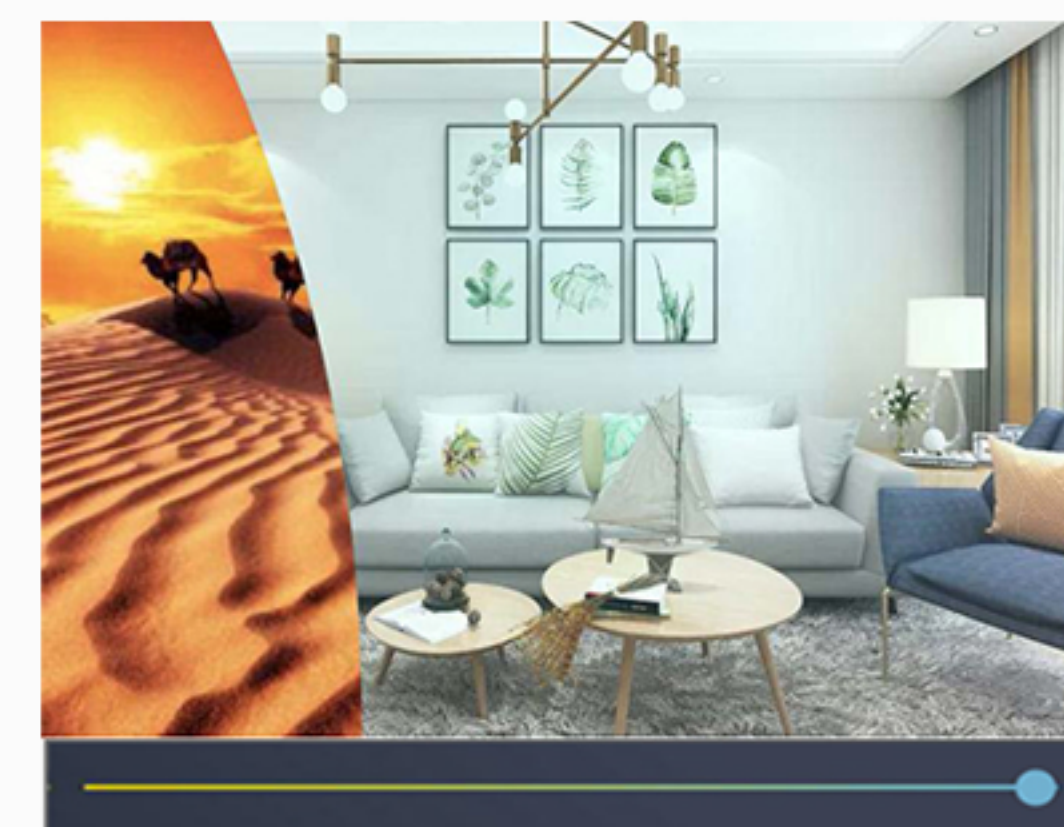

Smart Light Function

1. CCT changeable, enjoy the warm life of light
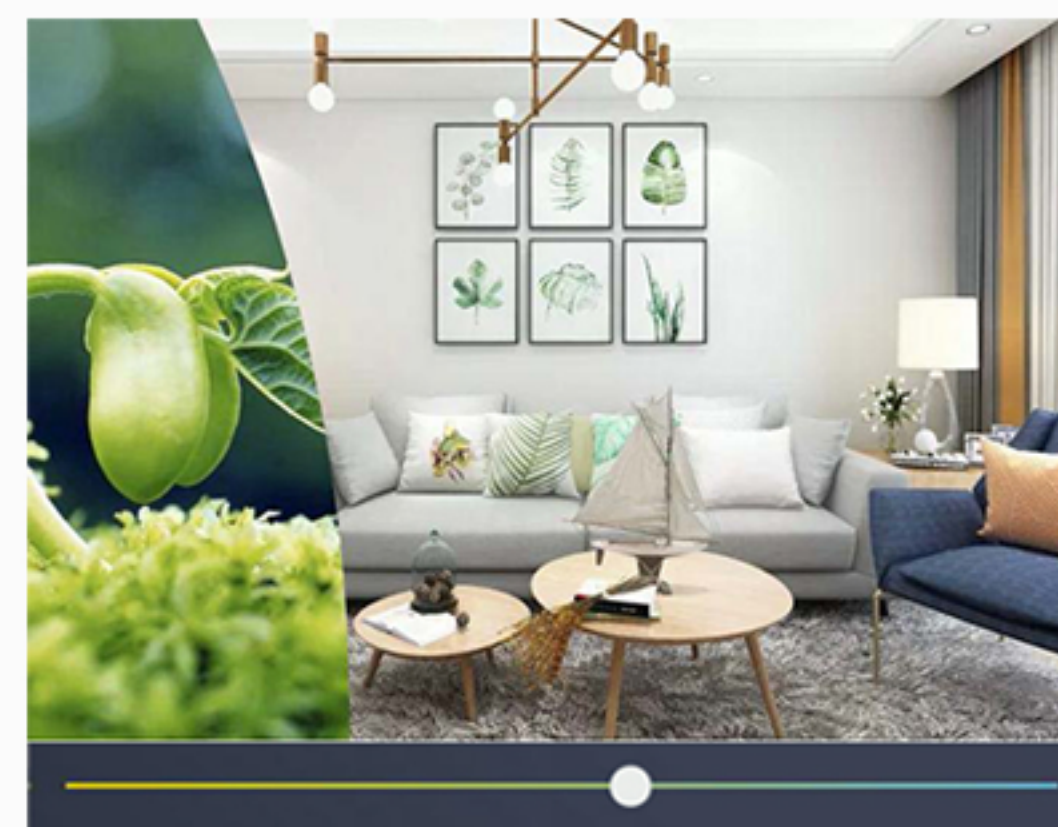

Spring (Mid CCT)
Bright white light to feel the fresh Spring

Summer (High CCT)
The cold white light is like a refreshing breeze when you open the freezer

Autumn (Mid CCT)
The warm sunlight is like the joy of autumn harvest

Winter (Low CCT)
The golden light exudes the warmth of a fireplace in winter

2.Wake up, light brings us healthy life

At dawn
Intimate wake up
The soft sunlight accompanies you to welcome the new day
In the dark
Warm companion
The warm light will accompany you into a sweet dream

The low-illuminance indirect lighting environment can effectively maintain the sleepiness of the elderly, while the high color temperature lighting source and complex switch control are not conducive to falling asleep again

3.Biorhythm, return to nature's ecological light environment

7:00am	9:00am	5:00pm	8:00pm
Start a viable day	Focus on work	Relaxation time in the afternoon	Ready to rest at night

night	morning	daytime	Evening
Good sleep	Morning hours is the best time of the day to work	Need to rest and adjust	Relax
• Low brightness, less light	• Cold light	• Cold light turns to warm light	• warm light
• Undisturbed sleep	• Mobilize body vitality	• Reduce the brightness of the light	• Melatonin begins to secrete

Melatonin   Cortisol

4.Colourful lighting, give you wonderful life

Create ambient lighting that moves with your heart, match your mood, let you have more rich, more wonderful experience.

5. Dancing with music, exclusive stage for you

Lighting to match the rhythm of your music

6.Automatic random lighting, smart lights guard our home

9:00am~5:pm
Housekeeping during working hours

6:00am~10:pm
Housekeeping during vacation

7. Convenience voice control, help you become a conductor of lights

Alexa, turn on the light

Google, dim the light to 50%

"I'm back"
Home mode: turn on all lights

" Good night"
Good night mode: turn off all lights
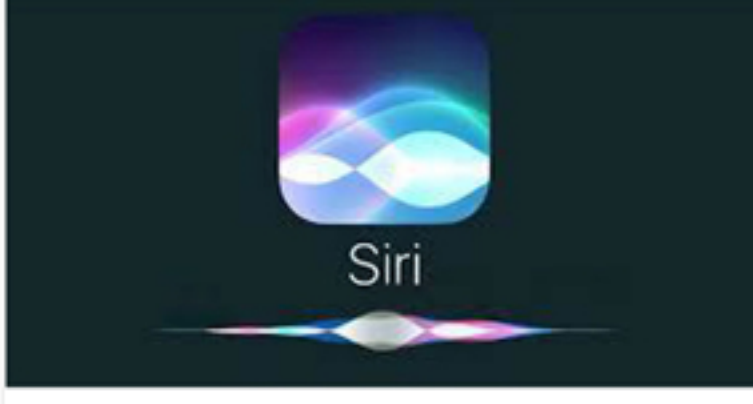

Several control ways

APP Control

Smart Audio

Siri Voice

Motion/ Light Sensor

Switch dimmer

Remote Controller

Multi Communication Protocol Ways

- Wifi
- Zigbee
- Bluetooth (Bluetooth mesh)

The feature of our smart commercial light

1. Support group control, free combination on demand
2. Communication protocol Wifi+BLUE
3. Optional to turn on white light and colourful light together
4. Optional to the function of wake up and biorhythm
5. Optional to don't disturb mode, cycle timing and random timing
6. Optional to be controlled by third-party smart speaker (Echo/ Google Home)
7. 1%~100% dimming
8. Easy to be installed and distribution network
9. Optional to be controlled by remote controller, phone, voice, wall switch
10. Optional to be connected with Amazon Alexa / Google Assistant / IFTT

BLUETOOTH DOWNLIGHT

It can be connected with app through
bluetooth signal without WIFI one by one.
And also allow many-to-many devices.
Connect your smart bluetooth devices
to each other forming a mesh network
that extend your wireless signal range
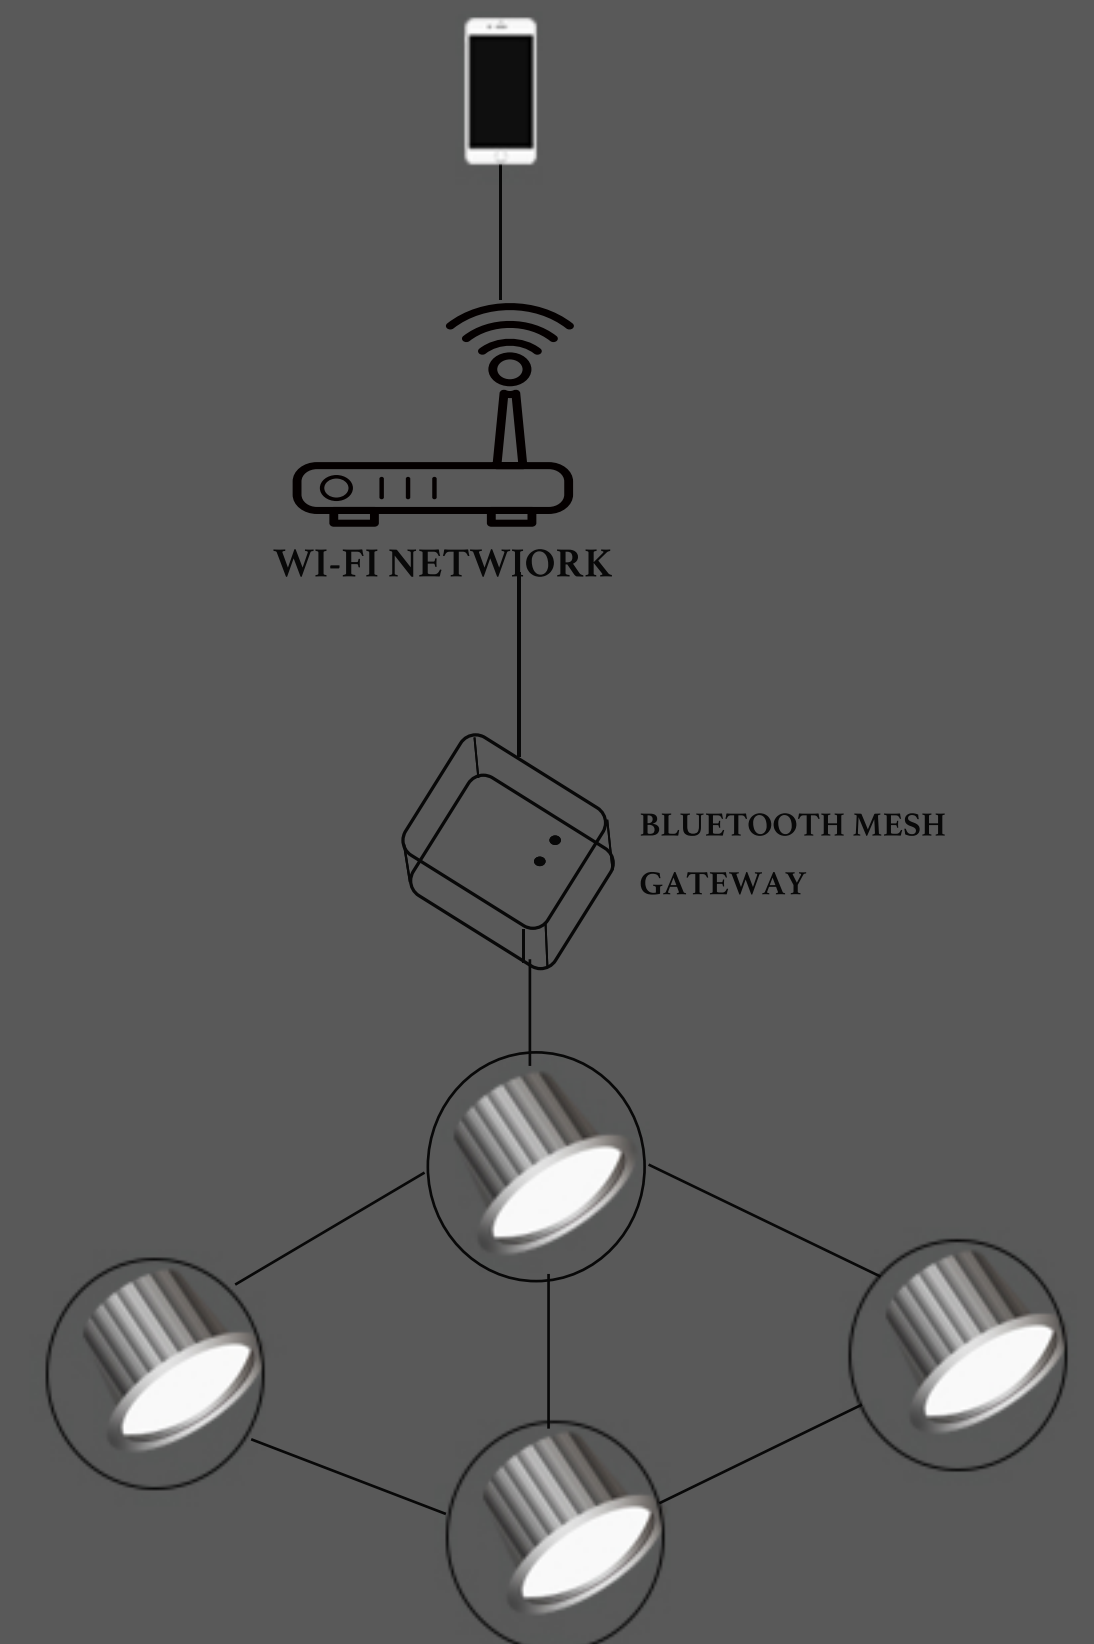

WI-FI NETWIORK
